ADVANCED IMAGING, LLC  
NOTICE OF PRIVACY PRACTICES**

**THIS NOTICE DESCRIBES HOW YOUR MEDICAL INFORMATION MAY BE USED AND DISCLOSED  
AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.**

**PLEASE REVIEW IT CAREFULLY.**

*We understand the importance of privacy and are committed to maintaining the confidentiality of your medical information. We make a record of the medical care we provide and may receive such records from others. We use these medical records to provide or enable other health care providers to provide quality medical care, to obtain payment for services provided to you as allowed by your health plan, and to enable us to meet our professional and legal obligations to operate this medical practice properly. We are required by law to maintain the privacy of protected health information, to provide individuals with notice of our legal duties and privacy practices with respect to protected health information, and to notify affected individuals following a breach of unsecured protected health information. This notice describes how we may use and disclose your information and describes your rights and our legal obligations with respect to your medical information. If you have any questions about this notice, please contact our Privacy Officer.*

**HOW WE MAY USE AND DISCLOSE PROTECTED HEALTH INFORMATION (PHI) ABOUT YOU**

The following categories describe the ways that we use and disclose health information. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall into one of the categories.

- **For Treatment.** We may use and disclose your PHI to provide, coordinate or manage your healthcare and any related services. This includes the coordination and management of your health care with your primary care physician, referring physician or other third party that has already obtained your permission to have access to your PHI. For example, we could disclose your PHI as necessary to other physicians who may be treating you.
- **For Payment.** We may use and disclose PHI about you so that the treatment and services you receive at a Facility may be billed to you, an insurance company or a third party. For example, in order to be paid, we may need to share information with your health plan about services provided to you. We may also tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your plan will cover the treatment.

**For Health Care Operations:** We may use and disclose health information about you for our day-to-day health care operations. This is necessary to ensure that all patients receive quality care. For example, we may use health information for quality assessment and improvement activities and for developing and evaluating clinical protocols. We may also combine health information about many patients to help determine what additional services should be offered, what services should be discontinued, and whether certain new treatments are effective. We may disclose your PHI by calling you by name in the waiting area when your procedure is ready to begin. We may use or disclose your PHI, as necessary, to contact you to remind you of your appointment. We will share your PHI with third party "Business Associates" that perform various activities (e.g., billing, collection, research, transcription services, computer maintenance and upgrades) for the practice. Whenever an arrangement between our office and a business involves the use or disclosure of your PHI, we will have a written contract that contains terms that will protect the privacy of your PHI.

**OTHER ALLOWABLE USES OF YOUR PROTECTED HEALTH INFORMATION (PHI)**

- **Business Associates.** There are some services provided in our Facility through contracts with business associates. Examples include medical directors, outside attorneys and medical equipment companies. When these services are contracted, we may disclose your health information so that they can perform the job we've asked them to do and bill you or your third-party payer for services rendered. To protect your health information, however, we require the business associate to appropriately safeguard your information.
- **Providers.** Many services provided to you, as part of your care at our Facility, are offered by participants in one of our organized healthcare arrangements. These participants include a variety of providers.
- **Treatment Alternatives.** We may use and disclose health information to tell you about possible treatment options or alternatives that may be of interest to you.

- **Health-Related Benefits and Services and Reminders.** We may contact you to provide appointment reminders or information about treatment alternatives or other health-related benefits and services that may be of interest to you.
- **Individuals Involved in Your Care or Payment for Your Care.** Unless you object, we may disclose health information about you to a friend or family member who is involved in your care. We may also give information to someone who helps pay for your care.
- **As Required By Law.** We will disclose health information about you when required to do so by federal, state or local law.
- **Military and Veterans.** If you are a member of the armed forces, we may disclose health information about you as required by military authorities. We may also disclose health information about foreign military personnel to the appropriate foreign military authority.
- **Research.** Under certain circumstances, we may use and disclose your PHI to researchers when their research has been approved by an institutional review board that has reviewed the research proposal and established protocols to ensure the privacy of your PHI.
- **Workers' Compensation.** We may disclose your PHI for workers' compensation or similar programs. These programs provide benefits for work-related injuries or illness.
- **Reporting.** Federal and state laws may require or permit the Facility to disclose certain health information related to the following:
  - *Public Health Risks.* We may disclose health information about you for public health purposes, including:
    - Prevention or control of disease, injury or disability
    - Reporting child abuse or neglect;
    - Notifying a person who may have been exposed to a disease or may be at risk for contracting or spreading a disease;
    - Notifying the appropriate government authority if we believe a patient has been the victim of abuse, neglect or domestic violence. We will only make this disclosure if you agree or when required or authorized by law.
  - *Health Oversight Activities.* We may disclose health information to a health oversight agency for activities authorized by law. These oversight activities may include audits, investigations, inspections, and licensure. These activities are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws.
  - *Judicial and Administrative Proceedings:* If you are involved in a lawsuit or a dispute, we may disclose health information about you in response to a court or administrative order. We may also disclose health information about you in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.
  - *Reporting Abuse, Neglect or Domestic Violence:* Notifying the appropriate government agency if we believe a patient has been the victim of abuse, neglect or domestic violence.
- **Law Enforcement.** We may disclose health information when requested by a law enforcement official:
  - In response to a court order, subpoena, warrant, summons or similar process;
  - To identify or locate a suspect, fugitive, material witness, or missing person;
  - About you, the victim of a crime if, under certain limited circumstances, we are unable to obtain your agreement; and,
  - In emergency circumstances to report a crime; the location of the crime or victims; or the identity, description or location of the person who committed the crime.

- **Coroners, Medical Examiners and Funeral Directors.** We may disclose medical information to a coroner or medical examiner. This may be necessary to identify a deceased person or determine the cause of death. We may also disclose medical information to funeral directors as necessary to carry out their duties.
- **National Security and Intelligence Activities.** We may disclose health information about you to authorized federal officials for intelligence, counterintelligence, and other national security activities authorized by law.
- **Correctional Institution:** Should you be an inmate of a correctional institution, we may disclose to the institution or its agents health information necessary for your health and the health and safety of others.
- **Breach Notification:** In the case of a breach of unsecured PHI, we will notify you as required by law. If you have provided us with a current email address, we may use email to communicate information related to the breach. In some circumstances our business associate may provide notification. We may also provide notification by other methods as appropriate.

### **OTHER USES OF HEALTH INFORMATION**

Other uses and disclosures of health information not covered by this Notice or the laws that apply to us will be made only with your written permission. If you provide us permission to use or disclose PHI about you, you may revoke that permission, in writing, at any time. If you revoke your permission, we will no longer use or disclose health information about you for the reasons covered by your written authorization. You understand that we are unable to take back any disclosures we have already made with your permission, and that we are required to retain our records of the care that we provided to you.

  - **Right to Request Alternate Communications.** You have the right to request that we communicate with you about medical matters in a confidential manner or at a specific location.
